US 13 Sewer Project Notification #6

Dover, Del. – While the US 13 Sewer Project is progressing, there are multiple activities that will be taking place at various locations within the project limits.

###

KENT COUNTY LEVY COURT US 13 SEWER REHABILITATION PROJECT **PROJECT NOTIFICATION #6**

09-06-2019 Notification / Project Update

The project team is working well together and several activities are moving forward. You will see a few areas under construction in the upcoming months and we will continue to provide updates, as needed. Below is an update on the project:

- ✓ **Phase 1A**
 - Northbound Left Travel Lane near Townsend Boulevard Intersection (T2) up to Leipsic Road is scheduled to be open Thursday, September 12.
 - Southbound U-Turn South of Jefferic Boulevard (T3) is scheduled to be open on Thursday, September 12.
- ✓ **Phase 1B**
 - Southbound U-Turn Lane (T6) at McDonald's / Yukon Restaurant is opening Monday, September 9th.

- Beginning the night of September 17th, College Road Intersection (T7) is scheduled to be closed for one night and through the next day for construction (weather permitting).
- Beginning the night of September 17th, both Southbound Left Turn Lanes at College Road Intersection (T8) are scheduled to be closed for one night and through the next day for construction (weather permitting).

✓ **Phase 2B**

- Beginning the evening of Wednesday, September 18th, the Southbound U Turn Lane (T10) across from the Delaware State Police Headquarters is scheduled to be closed for approximately two weeks (weather permitting).

Please note that all road closures will have directional detour signs in place for alternate traffic routes. This notice involves multiple phases in several locations; therefore, we are providing the following website link to the overall project map for assistance:

<http://co.kent.de.us/SewerProject/pdf/Rehabilitation%20Project%20Map.pdf>

If you have any questions, please call the dedicated project phone number at **(302) 318-1139** or email project.outreach@kci.com. The main information source will be the County's website, located at: <http://www.co.kent.de.us/sewerproject>. You can sign up for the project notification email subscription system by submitting the completed form found on the website. This allows the community to stay informed in a timely manner by receiving project notifications directly via email.
