**State Use Variance being requested** (Example: remove the condition that a dog grooming business cannot have overnight boarding):

**State Unnecessary Hardship based on the following 4 criteria:**

1. The property cannot yield a reasonable return when used for a permitted purpose;
2. The plight of the owner is due to unique circumstances;
3. The use authorized will not alter the essential character of the locality;
4. In terms of monetary proof, all uses of the land permitted under existing zoning regulations are economically unfeasible. Mere economic hardship, such as the owner's inability to use the property more profitably without a variance, does not justify granting a variance under the unnecessary hardship standard.
