**State Variance being Requested** (Example: variance from the 40 foot required front setback for the construction of an 8' x 12' porch).

**State Exceptional Practical Difficulty based on the following 4 criteria:**

1. The nature of the zone where the property lies;
2. The character and uses of the immediate vicinity;
3. Whether removal of the restriction on the applicant's property would seriously effect the neighboring properties;
4. Whether failure to remove the restriction would create unnecessary hardship or exceptional practical difficulty for the owner in relation to the owner's efforts to make normal improvements to the property. Economic hardship, standing alone, may justify granting an area variance and the inability to prove one's business or to stay competitive as a result of area limitations may qualify as a legitimate exceptional practical difficulty.
